**XTRFY M42 WIRELESS
ULTRA-LIGHT GAMING MOUSE**

**DESIGNED IN
SWEDEN**

THE MOST VERSATILE XTRFY MOUSE. BETTER THAN EVER.

Symmetrical shape. Adjustable size. The M42 Wireless features the versatile design of the Xtrfy M42, made to be a comfortable fit for any gamer. With upgraded components, extended features and 1 ms wireless connectivity, this mouse will help you play at your peak.

ESPORTS-GRADE WIRELESS PERFORMANCE.

1000 Hz Polling Rate. The same speed and responsiveness as
in our wired mice. With total freedom of movement.

SYMMETRICAL SHAPE. ADJUSTABLE SIZE.

Palm, claw or fingertip grip? The M42 Wireless is not only designed with all grip styles in mind – it takes the versatility of an ambidextrous shape even further. Swap the back shell to adjust the size of the mouse for a perfect fit.

67 GRAMS. WITH ADJUSTABLE WEIGHT BALANCE.

The M42 Wireless is one of the lightest wireless mice available. And since the weight balance of a mouse is experienced differently depending on how you hold it, we've made it possible to adjust it to your own grip. Move the battery toward the front or the back, and experience a perfectly balanced mouse.

PLAY UP TO 75 HOURS ON ONE CHARGE.

All-weekend LAN or 24-hour marathon stream? No worries. The battery gives you up to 75* hours of playtime. And when it's time to charge, connect the cord and continue playing. The M42 Wireless comes with an Xtrfy EZcord® Pro charging cable, for smooth movements even when the mouse is plugged in.

*Depending on Hz, lighting on/off and playstyle.

TOP-TIER COMPONENTS.

Pixart 3370 sensor for perfect wireless precision. Kailh GM 8.0 switches for 80 million crisp clicks. ARM 32-bit microcontroller for uncompromising speed and stability. The M42 Wireless is built to perform.

DESIGNED FOR ESPORTS – NO SOFTWARE NEEDED.

Control the effects, colors and brightness of the RGB illumination and adjust the CPI, Polling Rate, Lift-Off Distance and Debounce Time at the flick of a switch and press of a button. And when you're done adjusting your settings, the top button can be set to "PGDN", so you can bind it to whatever you want in-game.

ULTRA-LIGHT YET DURABLE.

Lower weight must never mean lower quality. The construction of the M42 Wireless is thoroughly engineered to minimize weight while retaining durability.
