Dégagez de l'espace pour le jeu.

Le clavier HyperX Alloy Origins™ 60 offre une portabilité extrême grâce à son format compact réduit de 60 % qui laisse de la place pour les amples mouvements de souris. Il combine un corps intégralement en aluminium durable, des commutateurs HyperX fiables, dont la vitesse et les performances sont équilibrées. Ces touches peuvent résister à 80 millions de frappes. Les touches Double Shot PBT de série affichent un rappel des fonctions secondaires imprimé sur les côtés afin de pouvoir localiser rapidement ces fonctions complémentaires. Exprime ton style grâce à la conception des interrupteurs HyperX avec des LED exposées et leurs effets lumineux étonnants. Personnalise davantage ton clavier avec des macros, des profils d'éclairage personnalisés, et bien plus encore grâce au logiciel HyperX NGENUITY.
