Safety instructions
Please read the warnings and safety instructions before using the product.
- Do not use the device in any way other than that described in the operating instructions.
- Please keep this information for future reference and pass it on along with the device.
- This device must only be used in accordance with the directions in the operating instructions.
- The device is intended for home or office use, unless otherwise indicated.
- Clean the device with a dry cloth after first disconnecting the power supply.
- Do not open or attempt to repair the device yourself.
- Do not use the device in a moist environment.
- Keep the device away from sources of heat and from water.
- Do not point the device at any person or point into the retina of an eye to avoid damage to the eyes.
- Do not open or alter the device parts away from children, pets and unauthorised persons.
- Use only the chargers supplied or only suitable chargers.
- Should the device suffer damage of any kind whatever, cease use immediately.
- Reduced WLAN performance may result from the following:
- Metallic objects in the vicinity or between receiver and transmitter.
- Discharged batteries.
- Other wireless devices in the vicinity.
- Reception may be restricted if the signal has to penetrate concrete walls and floors.
- There is no guarantee that HF faults will not arise in a particular situation.
- Take care when using wireless devices if you use a heart pacemaker or are reliant on other life-saving sensitive electronic devices, as the device transmits radio signals.
- Do not open or overheat batteries or set them alight.
- Batteries leak and may become hot if used in a high temperature environment.
- Follow the local regulations on battery disposal.
- Extended exposure to loud noise may lead to permanent hearing damage. Use headphones at a safe volume, check the volume setting and avoid levels that are too high.
- Prolonged use of input devices may lead to health problems, such as discomfort or pain. Take regular breaks and seek medical advice in the event of repeated pain or discomfort.
- The use of input devices may lead to health problems, such as discomfort or pain. Take regular breaks and seek medical advice in the event of repeated pain or discomfort.
- The use of input devices may lead to health problems, such as discomfort or pain. Take regular breaks and seek medical advice in the event of repeated pain or discomfort.

Sécurité
Veuillez lire attentivement les consignes de sécurité avant d'utiliser le produit.
- Ne pas utiliser l'appareil d'une manière autre que celle décrite dans les instructions.
- Veuillez conserver ces informations pour référence future et les transmettre avec le dispositif.
- Ce dispositif doit être utilisé exclusivement en conformité avec les indications qui figurent dans les instructions de fonctionnement.
- L'appareil est destiné à un usage domestique ou en bureau, sauf indication contraire.
- Nettoyez l'appareil avec un chiffon sec après avoir débranché l'alimentation électrique.
- Ne pas ouvrir ou tenter de réparer le dispositif soi-même.
- Ne pas utiliser le dispositif dans un environnement humide.
- Gardez le dispositif à l'écart des sources de chaleur et de l'eau.
- Ne pas regarder directement le faisceau laser infrarouge, ni le pointer, afin d'éviter des dommages aux yeux.
- Ne pas ouvrir ou modifier le dispositif.
- Utilisez uniquement les chargeurs fournis ou compatibles.
- En cas de dommage, cessez immédiatement l'utilisation.
- Réduisez les performances du réseau local sans fil peut résulter des éléments suivants:
- Objets métalliques à proximité ou entre le récepteur et l'émetteur.
- Batteries déchargées.
- Autres dispositifs sans fil à proximité.
- La réception peut être limitée si le signal doit traverser des murs et des plafonds.
- Il n'y a aucune garantie que les signaux HF ne surviendront pas dans une situation spécifique.
- Les piles (rechargeables) doivent être jetées dans les ordures ménagères.
- Suivez les réglementations locales en matière de mise au rebut.
- L'exposition prolongée à un niveau sonore élevé peut entraîner des lésions auditives permanentes. Avant chaque utilisation, vérifiez le réglage du volume et évitez les niveaux trop élevés.
- L'utilisation prolongée des dispositifs d'input peut provoquer des problèmes de santé.
- Prenez des pauses régulières et consultez un médecin en cas de douleur persistante.
- L'exposition prolongée à des niveaux sonores élevés peut entraîner des lésions auditives permanentes. Avant chaque utilisation, vérifiez le réglage du volume et évitez les niveaux trop élevés.
